

The Association is dedicated to safe, state-of-the-art, innovative surgeries and healthy lifestyles for women of all ages. In a nurturing environment, the physicians and staff strive to promote a partnership in your healthcare and make every effort to bridge the sterile science of diseases with your emotional, physical, and spiritual needs. Everyone is confronted with difficult healthcare decisions at one time or another. You'll want your physician and staff to have the knowledge, experience, and sensitivity to guide you safely through the decision-making process.

The Association of Minimally Invasive Gynecologic Surgeons provides comprehensive gynecologic office and surgical healthcare. The physicians are certified in laparoscopy and hysteroscopy and are experts in advanced gynecologic surgery. Doctors Whitted and Pietro are national speakers, trainers, and researchers in advanced surgical techniques. In addition, Doctors Pietro and Whitted are Certified Menopause Clinicians who educate, train, and research the science of menopause. Finally, they are certified in advanced colposcopy.

Our Practice offers expert care in the following areas:

- |                                      |                          |

## The Association of Minimally Invasive Gynecologic Surgeons

*...dedicated to healthy lifestyles and safe, state-of-the-art surgery for women of all ages.*

### Healthy Lifestyle Diary

Good health, a long life, and happiness are three goals many of us share. The common thread intertwining these goals is healthy living. Proper nutrition and exercise habits are extremely important in the pursuit of a healthful lifestyle. In addition, positive thinking, proper rest, and helping others reinforces our sense of happiness.

Contained in this brochure is our 10-step daily formula to help you achieve good health, long life, and happiness. It is a commitment to having a better body, mind, and spirit, and, therefore, a better life. Be faithful to these tenets and you will be surprised to learn that pleasure can be a part of a healthful lifestyle...In fact, is vital to it!

Remember, however, that the pathway to healthy living requires consistency and commitment. There are no **SHORTCUTS, QUICK FIXES, OR EASY ANSWERS.**

Good luck,

Drs. Whitted, Pietro,  
 and Office Staff
